listened with interest last week as President Nixon called for us to help conserve energy. Of course, I like to hear this kind of talk in one way. Since I am conservative (my family says stingy), I am for "Saving". Well, on Thursday I attended an Alabama Press Association board of directors meeting in Tuscaloosa and had my first opportunity to practice what I actually came back to Elba driving at 50 miles an hour t only took about 30 minutes longer than my trip up that morning but it also saved a quarter tank of gas on my fuel guzzling truck. Helping the nation is all good and well but the bes incentive for folks like me will be the dollars it saves me. speed but had to plan it in smaller parts (first on the four lane out of Tuscaloosa, then on the Centerville, then to Montgomery, alcohol, one day at the time. Also since returning, I have not driven faster than 50 miles an hour, but have gotten some mighty dirty looks from other drivers that this has slowed down.

The Elba City Council heard a report from the Southeast Alabama Regional Planning Group out of Dothan at their last We all know that federal money is being spent faster than it is received and are a bit flustered when we don't get something we needed as bad as those who did receive the needed item with federal help. Well these folks are experts at keeping up with these projects along with their other projects, and we can sure benefit from their training. The group out of Dothan appear to be one of the best of several groups in Alabama and I feel we can profit from camping on their doorsteps (or maybe move them a desk into city

The State Highway Department is due a note of thanks from the people of Elba. If you have noticed, Mr. Williams and his crews have been doing quite a bit of work on the state highway right-of-ways lately. They have been cleaning the trash, smoothing washed areas and in general making them look better to motorist driving into Elba. Also they are busily resurfacing Claxton Avenue and continuing with their work to widen Highway 84 past Dorsey Trailers to the city limits. This widening work takes longer than it should because of delays in getting the necessary materials. It seems the state has the same troubles in this area that private citizens are having lately. Anyway thanks, Mr. Williams and staff.

This is the first in a series of stories about the members of the Elba Rescue Squad. This week's spotlight focuses on Captain Ray Norris, captain of he Squad, and a member for 5-1/2 years. He was also a policeman up until about three months ago - and is still a reservist on the force. Captain Norris feels very strongly about the rescue ope rations, for he says "I remen ber the days when we didn't have any way to get injured folks the hospital, quickly an safely, and many died. I know how important this work is. He cites figures to show that his and other members' work is

He says his wife "for the most part understands about the job. There are many times when we will be ready to go some place. and I will receive a call. But, all in all, she doesn't mind "This is a full-time job Never a day goes by that we don't have to go see about something or answer the phone many "The Rescue team saves peo

present each time, but he says

'I try to make all the wrecks,

shootings, etc." There are 26

members in all - six are also

Judy, live in Brookdale. They

have one child, a boy, Patrick,

four years old.
